Subject: Invitation - April 19th

Dear Representative Sinicki,

I would like to invite you to a display of Project Lead the Way pre-engineering curriculum on Thursday, April 19th in the Capitol Rotunda. I am a teacher at Thomas More High School and will be attending with a few students from the school. We are located in your district and of course have many students from your district. We would like to tell you how much the students are learning from the curriculum. We truly appreciate the support you have provided in the past and would like to thank you.

Together we are forming the next generation of engineers and engineering technology professionals for the future of Wisconsin!

Sincerely,
Sharon Tomski
